ACKNOWLEDGEMENT

Dream never turns to reality unless a lot of efforts and hard work is put into it and no effort bears fruit in the absence of support and guidance. It takes a lot of effort to work by way through this goal and having someone to guide me and help me is always a blessing. I would like to take this opportunity to thank a few who were closely involved in completing and executing this project. At the outset, I thank God almighty for making my endeavors a success. I would like to express my sincere thanks to the Management of The Oxford college of Engineering for providing excellent infrastructure and other facilities, which enabled me to sharp my skill. I would like to express deep sense of gratitude to **Dr. N. Kannan**, Principal for having laid tracks that leads me a bright future.

I express my sincere thanks to **Dr. Puja Shashi**, Head of the Department, for providing us with adequate facilities, ways and means by which I was able to complete this project.

I express my sincere gratitude to the Project Guide **Dr. Puja Shashi**, Head of the Department, for her constant support and valuable suggestions without which the successful completion of thisproject would not have been possible.

I express my immense indebtedness to all the teachers and staff of Dept. of MCA, TOCE, Bangalore for their cooperation and support. At last, I thank all others, and especially our classmates and our family members who is one way or another helped us in successful completion of this work.
